

**COMMUNITY USE OF FACILITIES****REQUESTS FOR USE OF FACILITIES**

Requests to use a school facility by groups other than school-sponsored and school-related groups shall be made to the Principal of the applicable school by forwarding a copy of the Facility Use Application and all relevant documentation and application fee to the site administrator's office. A Facility Use Application form is attached to these administrative procedures and is available on the school district's website. The site administrator shall evaluate the request and determine if the activity conflicts with other uses and if necessary staffing can be provided. If the administrator believes the facility request can be accommodated, they will forward the Facility Use Application, the application fee, and all other relevant documentation to the Executive Director of Communications and Community Relations who will then approve or deny the application after consideration of the criteria set forth below. If approved, the signed Application will constitute the agreement between Asheville City Schools and the group and incorporate Board Policy 5030 and these Administrative Procedures 5030-P.

School-sponsored and school-related groups shall coordinate their use of school facilities with the site administrator (in most cases, the principal) of the desired facility. The site administrator whose facilities are involved will make a final decision and post all events to the district calendar so that the Executive Director of Communications and Community Relations is aware of all administrator-approved facility use. School related groups such as PTO's shall execute a Facility Use Agreement, Waiver of Liability and Assumption of Risk form with the principal at least on an annual basis that will cover the entire school year. A copy of this form is attached to these administrative procedures. The original executed form shall be provided to the District's Administrator for Transportation and Auxiliary Services on or before the first event of each school year.

**FEES FOR USE OF FACILITIES**

An application fee will be charged to all groups (except school-sponsored and school-related groups) using school facilities, which fee must accompany the Facility Use Application. Rental fees for facilities, staffing and equipment use will be assessed for all groups in accordance with the Facility Use Fee Schedule. All fees will be collected and retained by the school district and not individual schools. Staffing costs will then be paid by the school district as necessary. The Facility Use Fee Schedule is attached to these administrative procedures and is available on the school district's website. However, political parties using the facilities for annual or biennial precinct meetings and county and district conventions will only be charged custodial and utility fees. Asheville City Schools reserves the right to cancel or amend, at any time, any facility use agreement.

## **CRITERIA TO DETERMINE ACCEPTABLE FACILITY USE**

In addition to the criteria listed in Board Policy 5030, the following additional criteria will be considered by the Executive Director of Communications and Community Relations when reviewing Facility Use Applications:

Neither the school system nor the Board of Education shall be liable for any loss, damage, or expense that may arise during or be due to the group's use of the facility;
- evidence of appropriate liability insurance coverage shall be attached when the facility use application is submitted and Asheville City Schools assumes no responsibility and shall incur no liability for unauthorized use; and
- the user will pay all rental fees required by the Asheville City Schools at least five (5) working days prior to its use of the facility.

## **USE OF FOOD SERVICES FACILITIES**

Users must secure permission of the Executive Director for Communications and Community Relations under the guidance of the Superintendent, to use the food service facilities of any school by groups other than school-sponsored or school-related. Either the lunchroom manager or assistant manager shall be on duty at said function and shall be compensated by the group using the facility.
