Asheville Middle School 2019 Middle School Magic

What is Middle School Magic (MSM)?

This summer program is designed to help motivate students academically, inspire leadership, and teach social/emotional strategies. Rising 6th through rising 8th grade students will learn what it takes to be a well-rounded middle school student. This summer we will engage in learning about our public housing system in Asheville. We will dive into the history of public housing in Asheville and students will play an active role in determining its future in this community. We will have conversations with members of our community that are involved in public housing in Asheville. Students will create storylines of what they learn and express their ideas for what Asheville should be like in the future. We will continue to ensure that students feel comfortable and safe at their middle school, have a successful transition to the next grade, and build strong and lasting relationships with their peers and AMS staff.
